

About Living Water Church

Located 20 minutes outside of the bustling university town of Madison, Wisconsin, Living Water Church (LWC) is uniquely placed in one of the fastest-growing communities in the region.

LWC was founded in 1999 as a mission church for the ELCA. LWC departed from the ELCA in 2010 for doctrinal reasons, and stands today as a nondenominational, Bible-based church with a passion for prayer and sharing Christ with our community. Originally holding its first services in a local Catholic church in the evenings, LWC relocated to a storefront in a business section of Sun Prairie in 2001. In 2005, we finished construction and moved into our current facility, strategically located in the center of a densely populated, walkable neighborhood. In addition, our plot of land and our building provide plenty of room for future expansion. The congregation is ethnically diverse, spans all ages, and is known for its friendliness and relational warmth. We have vibrant ministries available for a variety of age groups and interests.

LWC strives to maintain a Gospel-centered ministry to the three major “streams” of Christianity: Traditional-Sacramental, Evangelical and Charismatic. We endeavor to remember that Jesus is at the center and that each “stream” is not complete without the other, for together we make up the one true body of Christ.

LWC welcomes the gifts of women to lead and teach at all levels of church ministry. We also choose to approach baptism and communion with doctrinal flexibility. We rally around the phrase, “In essentials, unity; in non-essentials, liberty; in all things, charity”. LWC is a Bible-based, prayer-guided, Spirit-driven church with a contemporary worship style and a passion to be relevant, relational and life changing.

LWC hosts two worship services on Sunday mornings with an average total attendance of 160 people. We’re also glad to share our facility with both a Hmong and an African congregation.
